

## ***The 2008 Student Election Judge Program Description***

---

### **Introduction**

Since its inception in 2000, the Student Election Judges Program has been a great success for county elections officials, educators and students who have participated in the program. By 2007 hundreds of students around the state participated in the program working hand in hand with adult Election Judges setting up the polling location, processing voters and the tallying the vote. The Student Judge experience has raised the consciousness of the students who participate in the election process and it enables them to earn money for working Election Day. The program also helps ensure that Colorado Election Officials have sufficient Election Judges to serve the needs of the voting public. Ultimately, we hope it motivates these students to become active voters in their communities and election judge resources for future elections.

### **Statute and Policy**

The State Legislature has enacted legislation that will allow Juniors and Seniors in High School to work at polling places as Student Election Judges. State Statute makes the following provisions:

- Student Election Judges need not be registered electors.
- Upon approval by their school's principal or an administrator designated by the principal, Student Election Judges will be appointed by and will serve at the discretion of the local Election Official. School administrators must determine that selected students can reasonably miss school on Election Day.
- Students should have their own transportation to the Polling Place, or must assure the Election Official that they will be dropped off at the Polling Place by 6:00 a.m. and picked up when the Election Day's work is complete (approximately 8:00 p.m.).
- Student Election Judges will assist in checking-in voters at the polling places, activating voting machines, and assisting electors in casting their ballots.
- Veteran Election Judges will supervise student Election Judges.
- Student Election Judges will be paid 75% of the adult judges wage for working Election Day. Additionally they will receive payment for attending the mandatory Election Judge Class.
- Student Election Judges can serve as absentee or early vote counters.
- There are no party affiliation requirements for Student Election Judges.

### **Qualifications**
